Statement

I am a graduate student in University of Electronic Science and Technology of China, my research interests include but not limit to causal inference and data mining. Luckily, our recent work was accepted by INFOCOM 2022 ,thus I want to apply for this student conference grant inspiring me to continue to explore cutting-edge things.

Education

Master Student, Software Engineering, University of Electronic Science and Technology of China, 2020 - 2023 (expc.)

B.S., Software Engineering, University of Electronic Science and Technology of China, 2016 - 2020

Distinction

First Prize Scholarship, UESTC, 2020

Academic Service

Reviewer: The Web Conference 2022, Industry Track.

Publication

1. Fan Zhou, Weifeng Zhang, Yong Wang, Ting Zhong*, Goce Trajcevski, Ashfaq Khokhar. Identifying IP Usage Scenarios: Problems, Data, and Benchmarks. IEEE Network Magazine, In-Press.

2. Weifeng Zhang, Ting Zhong, Ce Li, Kunpeng Zhang, and Fan Zhou*. CausalRD: A Causal View of Rumor Detection via Eliminating Popularity and Conformity Biases. IEEE International Conference on Computer Communications (INFO-COM), In-Press.

Teaching Experience

Network Security   Autumn 2020
Teaching Assistant, with Prof. Ting Zhong, at UESTC
